

TURKEY-UK International Workshop No1: Biobased Approaches On Renewable Energy Technologies

6 – 7 April, 2017 Izmir, Turkey

TOPICS

- Renewable Energy and Biotechnology
- Solar Power Application
- Sustainable Development
- Genetics and Metaproteomics
- Energy& Environment
- Energy Systems
- Biofuels
- Green Nanochemistry
- Biorefinery
- Genome Engineering
- Systems Biology and Bioinformatics

- Discussing emerging topics
- Networking
- Knowledge Sharing
- Collaborations
- Team presentations

Organisers:

Cranfield
UNIVERSITY

Collaborators:

*Funding body of the Workshop is TUBITAK

Registration: <http://uk-turkeyworkshopno1.com>

Workshop Language: English

Venue: Ege University Department of Bioengineering
